

## Adopt -A-Storm Drain

### Municipal Assistance Program Informational Sessions

March 20th, 2007 @ Stafford Municipal Building - 10am – 11:30am

-or-

March 21st, 2007 @ - Toms River Branch, Ocean County Library - 7pm – 8:30pm

Through the Municipal Adopt-A-Storm Drain Assistance program municipalities would enlist volunteers (either as individuals or associations) to adopt and monitor catch basin conditions. Upon adoption, public works personnel will be responsible for labeling the basins with unique identification numbers or codes. Municipal residents who adopt a drain will be given guidelines for simple inspections of the drains and asked to notify their Public Works Department if any problems are found.

#### **Benefits of the Assistance Program:**

- ✓ Technical Training on mapping storm drains
- ✓ GPS units for participating towns
- ✓ An adoption database
- ✓ Storm drain identification labels
- ✓ Advertising materials for residents
- ✓ Press about participation in the program
- ✓ Compliance with public outreach requirement of the Phase II permit

#### **Who Should Attend:**

- ✓ Department of Public Works Staff
- ✓ Environmental Commissioners
- ✓ Mayors
- ✓ Township Administrator
- ✓ Township Engineers
